## MEET CAPTAIN EDDIE MASLONA WAR HERO AND NEW CANADIAN

To Edward Maslona, Captain of Infantry, First Carpathian Battalion, Polish Army, for gallantry.

The first few words of a citation which accompanied an American Silver Star and written over the signature of Mark W. Clark, General, United States Army. But the citation and the medal are far from telling the whole story, a story which includes a close call with some Russians who wanted some workers to send to Siberia, a fight from home and friends and a long hitch in one of the toughest theatres of the Second World War. The little blue and white striped piece of ribbon that the British handed out doesn't tell how it feels to have a bullet pass through your arm but that and a nasty little scar are what Eddie has to show for another experience, one which he doesn't talk about much at all.

We met Eddie for the first time in the middle of a peach orchard down at Cole's. He was wearing a pair of tan shorts and a big smile. The sun had reduced his skin to almost the same dark color as his shorts and all in all he looked right at home. There had been some talk about the medals that Eddie had won while he was in the army and so we asked to see them first. He promptly produced 11 of them. Besides the American Silver Star he had the Polish Virtuti Militari, the Cross Montu Casino, the Cross Bravery, and the Medal Armii; he had the British Africa Star, Italy Star, War Medal (39-45), War Star (39-45), the Defense Medal and a Wound Strip. Eddie has only been in Canada since 1946 so in order to get the story quite clear we asked John Yanko to talk to him in his native tongue and to us in English.

Eddie Maslona was born and lived most of his life up until 1939 (Continued on Page 3)

## ORDER OF ST. BASIL FORM CORPORATION

Grimsby, July 30—The current edition of the Ontario Gazette prints notice that under the Companies Act, letters patent have been issued constituting Methodius Hannas, Sordius Fedyniak and Myron Daciuk, priests, of the town of Grimsby, and any others who have become subscribers to the memorandum of agreement of the corporation, and persons who thereafter become members thereof, a corporation without share capital under the name of The Order of St. Basil The Great Holding Corporation, to carry on works of any religious, educational, charitable and social welfare nature, and to own, lease or otherwise acquire, keep, maintain, manage, conduct, and operate churches and buildings appurtenant thereto or for use in connection therewith, residences, offices, schools, colleges, farms, restaurants, hotels, homes for children and old people and other institutions and refuge for the reception, assistance and maintenance of immigrants and others.

## CONSTABLE TAKES OVER NEW POST

Grimsby, Aug. 2—Provincial Constable John Richards, stationed at Grimsby for the last few months has resigned from the force to accept an appointment on the Ontario fire marshal's staff, at Toronto. He commenced his new duties today. In joining this department he follows in the footsteps of his father, the late Deputy Fire Marshal Richards.

## "HE'S A BRAW HIELAN' LADDIE"

It never did any organization or body of men handling finances any harm to have a Canny Scot sitting on the board of Directors. Grimsby Town Council is no exception for that august body has in Councillor James Braid a very fine type of common sense Scotman. Jamie was born and educated in Edinburgh and came to Canada in 1927 and lived in Hamilton (of all places) for 18 years, being connected with the Wilkinson-Kompass Co. during all that period. In 1945 he decided to move to The Garden of Canada and became Sales and Service representative of The Metal Craft Co. He is now serving his second term as a town legislator. He is a member of Hillcrest Masonic Lodge 584 and of Grimsby Lions Club. He was married in 1936 and has three children, two girls and a boy.—Photo by Robert Aldrick.

## NINETEEN DISTRICT MEN TO RECEIVE DFC SUNDAY

The Honorable Ray Lawson, OBE, LL.D., Lieutenant-Governor of the Province of Ontario, will present nineteen DFC's and one AFC to RCAF officers at an investiture to be held at The Stamford Horticultural Society Annual Memorial Service, which is to be held in Stamford Green Memorial Garden, Stamford Centre, this Sunday, August 7th.

The decorations are to be awarded to aircrew on flying duties during the war, at which time it was impossible to hold the investitures. All those to be decorated are from the Niagara Peninsula, and most of them are now members of the R.C.A.F. Reserve. They shall be decorated for their service in this ceremony to be held at seven o'clock this Sunday evening.

At least three of the men are known in Grimsby and district. Ralph "Bud" Reid, who served in the English theatre of operations with the rank of Flight Lieutenant, with thirty-six trips over Germany in Lancasters, will receive the DFC from the Lieutenant-Governor, as will Floyd Southward, formerly of Beamsville, and now of Jordan Station, where he is well established in the fruit shipping industry. A third boy, who will be recalled here for his sensational god-freeding with local hockey teams, is Flight Lieutenant H. A. "Helmie" Shaker. He also will receive the D.F.C. "Shenk" now resides in St. Catharines.

## MOUNTAIN VIEW SCHOOL NEARLY COMPLETED

Built to relieve the congested areas of Stoney Creek, Fruitland, Winona, Van Wagner, the most modern school in the province of Ontario has been built and will be ready for opening in September. Known as Mountain View School, it stands, a beautifully architected brick building on Barton street and Millen's Side Road.

Plans have been made for twelve rooms, although at the present time only eight will be used, an assembly room, home economics, arts and crafts, teachers' room, principal's office, nurse's room, a well equipped library and wide halls. A fire exit for each room will minimize the danger of fire.

Grade 1 Room is a pleasant room with a large fireplace for Christmas parties and other planning, and boasts its own washroom. The classrooms are all wired with a public address system, and spacious cloak rooms. All pupils in grade seven or eight in area two will be taught at the Area Room, two complete kitchen units, with arrangements made for once a week lessons.

There is a huge assembly room with seating capacity of 400, which can be separated into two rooms by sliding doors. The stage is equipped with ample dressing rooms, and there are two ticket offices in the hall. The room can fill a great need in community work, as large iron gates at the end of the corridor can be closed, shutting this end off entirely. Any unusual or outstanding work accomplished by the pupils will be shown in the four glass show cases in the hall, giving the chance of putting good work in front of the public.

An unusual treatment has been included in the airy big Grade 8 Room, where the old style blackboard has been replaced by a green glass board as a new experiment.

The Room 1 & 2 Arts and Crafts contains all the necessary equipment for a shop, with work bench, tools, for wood, tin and metal working. Windows run along two walls of the room and make it especially delightful to work in.

First Aid is a model of the nurse's room, with everything available for first aid and sickness. (Continued on Page 3)

## Awards Presented To Aquatic Club Members—Meet This Week

This season is one of the most active in some time for the swimmers around Grimsby beaches. The Grimsby and District Aquatic Club and the Red Cross are active in the training of children of all ages in the arts of swimming and life saving and the Red Cross and local Lions Club have each supplied one of the beaches with a lifeguard. This latter measure has paid off on numerous occasions, the most notable to date being when Miss Judith Powell, the director of the Red Cross Swimming Program at Grimsby Beach was successful in saving nine year old Noel Buskard from the deep water off the Grimsby Beach pier.

There is an extensive program going on down at Nelles Beach, which although not as big as the one at Grimsby Beach, is able to boast a registration of 76 at the present time. Misses Marjorie and Nancy Morton, are doing the instruction here with some aid each afternoon from Mr. Frank Foutka, the local Recreational Director. Marjorie is also doubling as the lifeguard at that beach.

Recently, Mrs. L. E. McKellar, Red Cross examiner, was present at Grimsby Beach and examined a number of the children for their Junior, Intermediate and Senior Red Cross Awards. A word of explanation is in order here about these awards. The children are divided when they register in the classes into various groups according to their degree of skill. The beginners start out by learning to swim. Then as Juniors and Intermediates they begin to learn skills strokes such as the backstroke, sidestroke, etc. When they have learned these strokes they move up to the Senior class where they strive for perfection in the strokes and for distance. In order to move from one class to the next they must be examined and passed by a competent authority, in this case Mrs. McKellar. At Grimsby Beach the classes are carried further than the Senior division. There are instruction groups in the Royal Life

Saving Society's Bronze Award, Intermediate Award, in Elementary Life Saving, Ornamental and Speed Swimming.

The awards presented at the Beach by Mrs. McKellar were to the following:

**Junior Red Cross Award**  
Nelles Group—Eddie Oelkuch, Simon Bakker, Mary Ellen Molloy, Bryan Hyland, Doug Morris, Keith Henley, Sandra Lewis, Beverly Stewart, Jimmy Falloon, Pat Oikuch, Greta Gayer, Terry Molby, Victor Bakker, Sylvia Wenman, Jean Lisk, John McIntyre.  
Grimsby Beach Group—Beverly Shaw, John Bennett, Ruth Rymal, Louise Kennedy, Fred Lee, Doug Chalmers, Patsy McCausland, Judy Hendee, Claire McCausland, Gail McCausland, Mary Jean Famer, Peter Crich, Barbara Pearson, Joe Webster, Judy Wedlake, Lynn McKenzie, Renne Woods, Judy Udell.  
**Intermediate Red Cross Award**  
Nelles Group—John Healy, Fern Cornwell.  
Grimsby Beach Group—Abbie Falvey, Nancy Bartlett, Barry Bourne, David Short, Shirley Skelley, Joan Diner, Gail Shoomaker, Marion Rushak, James Graham, Onira Farrell, Leslie Murdoch, Ann Udell, Joanne Stone, Gloria Hendershot.

**Senior Red Cross Award**  
Grimsby Beach—Vivian Nelles, Sandra Rogers, Margaret Elliot, Marilyn Thomas, Sandra Lindsay, Sidney Shaw, Elizabeth Crich, Patty Vernon, Bobby Overholt, Garry German, John Burton, Janet Buskard.  
**Royal Life Saving Society, Bronze Award**  
Elsie Skelley, Sandra Shaw, Billy Mills, Mary Crich, Harry McIlroy, Leroy Rymal.  
**Royal Life Saving Society, Bronze Cross**  
Ruth Clark.  
**R.L.S.S. Instructor's Award**  
Ruth Clark.

The highest award to be presented all day went to Miss Helen Burns of Toronto, and a summer (Continued on Page 3)

## BOXING SHOW A BIG SUCCESS FOR THE GRIMSBY JAYCEES

The arena was recently the scene of the first boxing show in over twenty years, as the Grimsby Junior Chamber of Commerce successfully ventured into the world of fistfights, and emerged with very little profit, but large quantities of credit for a fine effort.

It takes experience to "know the angles" and for sure the Men of O'Brien had to learn the hard way, but should they endeavour another boxing show, it is likely that more lettuce will stay in Grimsby, and not leave town with the various matchmakers, fighters and numerous "side men" whose split reaches somewhat staggering proportions, despite the fact that the card is strictly amateur.

All in all the card was a good one, and the eight hundred spectators enjoyed some very fine fights, with only a couple of the prelims having very little on the ball, due to the last minute juggling of the ten bout card.

Amos Dorsey of St. Catharines, matchmaker for the evening, did a fine job of lining up some of the better amateur boxers in the area, the main bout and the Staff-Mead effort being perhaps the two best efforts.

Results were as follows:

Exhibition — Hank Robertson, Grimsby, vs. Tommy Little, Grimsby. (Draw).

Preliminaries (3 rounds):

John Kelly, Niagara Falls, decision over Joe Wellman, Niagara Falls.

Bobby Rivers, Niagara Falls, decision over Rocky Buckle, Hamilton.

Bill Richardson, Hamilton, decision over Tiger Nelson, St. Catharines.

Torchy Tortorice, Niagara Falls, decision over Jack Rumely, Welland.

**NOVEMBER** — Dangerous Don Dixon, Grimsby, winner over Killer Cole, Grimsby. (Foul).

5 Rounds:

Lyle Staff, St. Catharines, winner by a technical knockout over Billy Mead, Nova Scotia.

Boots Pruden, St. Catharines, winner over Harvey Sharron, Niagara Falls, T.K.O.

Main Bout—Angelo Rizzo, Niagara Falls, vs. (Continued on Page 3)

## POLICE CALLED ON TO INVESTIGATE ACCIDENTS

Grimsby almost had a quiet weekend. The holiday went well for the local and Provincial Police up until Sunday afternoon then the 1st New, Joseph Ince, 35, of R.R. No. 1, Mount Hamilton, was arrested and charged with drunk driving, careless driving and having liquor in a public place by Constable D'Arcy Garrett of the Provincial Police. The arrest was made on Main St. West and accused was lodged in county jail at St. Catharines to await hearing on last Monday morning. That was Sunday afternoon.

On Sunday evening the Provincial Police were called to investigate an accident which occurred on the Queen Elizabeth Highway between Nelles' and Baker's side roads. Mr. Berrie DeFrancisco of Brantford, Ont., was proceeding westward on the Queen Elizabeth Way when he pulled out to pass a car in front. Just at that time a motorcycle in charge of Mirro Pasquall, 29 Ennisdale Ave., Toronto, also pulled out but in front of the truck. Mr. DeFrancisco, who claimed he was travelling about 50 m.p.h. applied his brakes causing his wheels to lock and his truck to strike the shoulder of the highway. The truck rolled forward and came to rest upside down facing east. The four passengers in the truck, Mrs. Martha DeFrancisco, Miss Olive DeFrancisco, Ralph and Marie DeFrancisco were shaken up but no one was seriously injured. Estimated damage to the truck was \$400. Constable D'Arcy Garrett of the Grimsby detachment (Continued on Page 3)

**NEW PLANT INSPECTED**

Members of the Aylmer Town Council and the Elgin-St. Thomas Health Unit were in Grimsby yesterday to inspect the town's modern sewer system and sewage disposal plant. Their visit to Grimsby followed a recommendation of Dr. A. E. Berry, director of sanitary engineering with the Ontario Department of Health.

## NINE PERSONS INJURED IN HEAD-ON CRASH

Nine persons—occupants of two motor vehicles—were rushed to Hamilton and St. Catharines hospitals on Saturday night after a head-on crash on the Smithville-Grimsby road in which both vehicles were totally wrecked.

Four of the nine were admitted to hospital. The other five after being given emergency treatment, were allowed to go home.

In St. Catharines General Hospital are: Mrs. Frances O'Hanley, 39, of 267 Cannon Street East, Hamilton, with severe lacerations and shock; and Norbert Pearle, 26, of Smithville, with lacerations, shock, and possible fractured leg.

At the Hamilton General are: Mrs. Joseph Sordola, 29, of 452 Cannon Street East, Hamilton, lacerations and shock; and Mrs. Frank Tobie, 55, of 58 Oliver St., Hamilton, lacerations and shock.

Others treated at the hospitals were: Joseph Sordola, 453 Cannon Street East, Hamilton; Francis Sordola, four; Peter Sordola, three; Frank Tobie, 58 Oliver St., Hamilton; and Mrs. Norbert Pearle, Smithville.

**Suspect Blownout**  
The accident happened when either a tire blowout or a broken (Continued on Page 10)

## STAN TRAGARZ NOW SOLE OWNER OF PEACH DAIRY BAR

Stanley Tragarz is now the sole owner of the popular Peach Dairy Bar, having bought out the former partnership of Joseph Sordola. Mr. Sordola has returned to Waterloo and a business there.

Since it re-opening early this summer, the Peach Dairy Bar has proven itself as a fine outlet for good food and tempting ice cream dishes, as can be witnessed on these hot summer nights.

## FIREMEN'S CARNIVAL TO-NIGHT AND TO-MORROW NIGHT

The citizens of Grimsby and N. Grimsby will have their annual chance to assist the local fire ladies in their finances for the coming year by attending their Carnival to-night and to-morrow night, August 4th and 5th, at the Library grounds, Depot Street. The Fire Department is one of Grimsby and North Grimsby's most essential services and being a volunteer department they have to raise money in this manner to carry on.

The Firemen have not spared anything in their preparation for this annual carnival in order to give the citizens of this district two nights of entertainment, finishing off with a monster street dance Friday night to the music of Russ Creighton and his Canadian Mountaineers. He will also supply the entertainment for to-morrow night. For to-night, Thursday, Charlie Jackson has been procured to do the entertaining.

The usual games for your enjoyment and an added feature this year will be a swing and airplane ride for the kiddies, plus many other attractions. The biggest and best carnival is planned for all who attend.

## TRANSIENTS FINED

Two transients were arrested on Clark St., Grimsby early yesterday by Grimsby Town Police. Both were in an intoxicated condition and were taken to St. Catharines to await hearing.

On Wednesday morning of this week both appeared in Magistrate's court before Magistrate H. D. Hallett and were sentenced to \$15 or 21 days in jail.

## GRIMSBY WEATHER

No weather this week. The elements were hard at work as usual but the weatherman, Vern Tuck took a vacation.

## AN APPRECIATION

Howdy, Folks, Howdy!  
I have a new theme song. It is "Twenty-Four Hours of Sunshine."

I wish to thank everybody for their kindness; their thoughtfulness to myself and my mother during my long period of incapacitation.

To my partner, "Little Dyke" Lawson, and the staff of The Independent for the great way in which they have carried on and on the merchants and manufacturers and the individuals who so kindly thought of me lying in a hospital bed. I particularly want to thank all those, and the little boys and girls who thought enough of "Old Bones," to send him cards, good wishes, etc.

I also want to thank the three members of the Grimsby Ministerial Association who were kind enough to visit me. I do not know whether they thought they could save this old "seapeg" from the Depths of Depression, or not. But I thank them for their visits and their kindness.

Before I went into hospital I heard a lot, I had fifty million dollars worth of advice, free. Only in an isolated case was that free advice worth an iota. To Miss Green, Supervisor of Ward 9 of Hamilton General Hospital, and to her very capable and efficient Assistant Supervisor, Miss Stalkand all the nurses and students in training who gave me such wonderful care during my hospitalization, a thanks. And right here I want to state that no man ever starved to death in Hamilton General Hospital. I ate just as good meals as I ever ate in Peggy O'Brien's Oak Room and while I did not have as large a variety, I still had a variety.

To Optometrist Vernon Tuck and Dr. A. F. McIntyre, I wish to give a love thanks for the manner in which they took care of me up to the point of my going to Dr. Crewson. And to Dr. Crewson all I can say here is thanks a million.

To Lion Chief Earl Marsh and Lion Vernon Tuck I just wish to state that when I get back on the job in September I am going to have a whole lot to say about your eyesight convocation work and to Old Sandy Globe and Miss Dorcas McRobbie I am going to have plenty to say to the public about the hospitalization system in this country.

To my eight beautiful idows.—The Storm Signals Are Up.—I discovered during my hibernation a most wonderful Peach Bud.

Thanks a million, everybody. I will SEE you all next month.

# FIREMEN'S ANNUAL CARNIVAL

TONIGHT and TOMORROW NIGHT, AUGUST 4th & 5th

# The Sober One Will Drive!

the first Monday in each month a holiday. We already have two—Civic Holiday in August and Labor Day in September. It would be necessary only to provide for June and July. Short formal observances of the particular historical event being commemorated would continue to be held on the proper day. At least under this arrangement, coming generations would not be confused over a Queen who had a birthday on the twentieth of May one year and on the twenty-seventh of May the next year.

## OUT AT SECOND

We don't know whether the national pastime or a college education taught Jackie Robinson how to do it. But nothing could be better calculated to deflate Paul Robeson's red-tinged fearfulness into proper perspective than his fellow Negro's comment on it. Of the famous singer's assertion that the Negro American wouldn't fight in a war against Russia, Brooklyn's famous second baseman observes:

The statement, if Mr. Robeson actually made it, sounds very silly to me. But he has a right to his personal views, and if he wants to sound silly when he expresses them in public, that is his business. . . .

There is essential power and sanity in the whole of Jackie Robinson's statement—made despite his reluctance to risk being muddled by the political waters which swirl around the House Committee on Un-American Activities, and because of what he guesses "boils down to a sense of responsibility."

It carries power because it puts in forthright language what every sane American, of

whatever color, must know:

That in the event of such a war the Negro Communist would act just like any other native Communist; that the Negro pacifist would act just like any other pacifist; and that the average Negro would behave just like any other average American—try to keep his country out of war, then help his country win the war.

It carries power because Jackie Robinson says out loud what any other self-respecting American expects any self-respecting Negro American to feel: That because he is willing to fight communism on the battlefield doesn't mean that he won't keep on fighting racial discrimination at home.

The more a Negro hates communism because it opposes democracy, the more he is going to hate any other influence that kills off democracy in this country.

Straight-taking, clear-eyed eloquence which, coming from "an expert on being a colored American," should make about as admirable a contribution to better race relations as anything that has happened in a long time.

## A GOURMET'S RALLYING CRY

The end of a glorious era for gourmets is threatened in a disturbing report from Des Moines, Iowa.

It seems that a certain Peter H. Baumann has succeeded in developing a breed of chickens without wings. He claims that these mutilated birds can provide an unbroken expanse of plump white meat for the uninhibited operation of carving knives.

The subtle attack on a great North American tradition will doubtless be acclaimed by many thoughtless people. If the new breed can be produced in commercial quantities

there is no doubt it will meet with a good response.

The narrow interests of children have always centred on the more prosaic drumstick and white meat. The new creature would also be a boon to older folk in large families, who have hitherto been forced to content themselves with wings and neck after the small fry have been served more tempting portions.

But some last-ditch defence must be made for the winged chicken against the formidable, schoollike competitor.

Those with more discriminating palates—a minority in the toothpick brigade—have always argued the supremacy of the luscious, browned wing, fresh from the pan. Those who hail the demise of the chicken wing, if they are honest, must admit that they are, at bottom, lazy—that they don't care for the effort of chewing the tasty meat from a bent, awkward wingbone. But it has been said by great philosophers that the best things in life never come without effort.

Let us take you to the barnyard for our final argument in favour of chicken wings.

The family sentiment of people has always warmed to the sight of a mother hen, covering her brood under protective wings from all dangers. Now imagine those little chicks, fleeing from an approaching menace, only to find their mother can offer them no shelter.

It mustn't happen here. Write your member in Ottawa about this.

# Facts • And • Fancies

FRANK FAIRBORN, JR.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

## MOURN THE MORON SPECIAL

This is mostly fancy.  
We have recently made a brief survey of the various restaurants in our fair town and we have come to the conclusion that we are possessed of a very intelligent or possibly a very unimaginative population. Or maybe both.

The matter under consideration was the ice cream confections for sale in each store. We had been reading about places in the Excited States, (where men are men, but its alright because the women haven't found out about it) where they sold mighty concoctions to please the eye of the most gluttonous customer. Sauce and topping by the spoonful are poured over great heaps of ice cream and then, most important event of all, it is given a name. Sometimes it is something exotic, like "South Sea Slop," or maybe something thrilling like "The Zoomer Special" but most often it is what in our opinion is an insult to the population. Up comes some boorish fugitive from an asylum such as "Idiot's Delight" or "The Moron Special."

But not in Grimsby. No siree. If you want to go hunting something unusual in ice cream treats you might as well start someplace else. Here we have nice conservative sensible caterers to the public interest. What is served shows the conservative nature of the average Canadian. It illustrates quite well the "colonial complex" so often deplored in literary and scientific circles. You pored in literary and scientific circles. You won't be able to order a gigantic, super gooey won't be able to order a gigantic, super gooey strawberry delight with nuts, cherries and lots of sticky sauce (unless you want to pay extra and have everyone looking at you) but maybe if you smile at the waitress she would put an extra scoop of chocolate on your strawberry sundae.

## YEAR ROUND SCHOOL

What! No vacations?  
Well, only a month, anyway, say top American school leaders, who have been convening at Durham, New Hampshire.

These educators see the year-round school on the way in, with summer work consisting of arts and crafts and other activities in which "fun" predominates over work. That should mean increased pay for teachers, and would relieve many of them from the necessity of supplementing their teaching with odd jobs in the summer. And it would relieve many a city parent who doesn't know what on earth to do with Junior during those long, desultory months.

Still . . . we agree with the educators that it will take a heap of educating the American public to make year-round school

We do have some places in town where they throw caution to the winds and serve some pretty daring dishes in spite of the local Hayes Office. One of them not only advertises a Fruit Special and a Pineapple Special but even goes all out and throws in a Tin Roof and (horrors) a Sailboat Special! Well, there's just no accounting for what some people will do.

But we saved the best (or maybe the worst) for the last. There is one place where they really have come up with a concoction. It is rumored that it wasn't the fault of the management but that it was a customer who insisted on being served this . . . this . . . what-ever-it-is, in the first place. Anyhow, we saw one made and even that was a trying experience.

The counterman stooped himself for the ordeal then stepped bravely up to the ominously gleaming array of knobs, the glass gripped firmly in his hand. Swiftly he moved so as not to weaken before the task was finished. Into the glass went a little squirt of everything, chocolate, vanilla, lime, orange—we couldn't bear to look any longer! The last squirt we saw through our fingers was, if you'll pardon the expression,—Coke!

After we had regained our composure and the counterman had rested from his ordeal we noted that the glass was filled with a potent liquid of an almost indescribable color. "What," we gasped to the exhausted soda jerk, "what do you call that?"

It took him a moment to summon the energy to speak. "A Graveyard Coke," he gasped as they led him away to the kitchen.

We rushed out the door for some badly needed fresh air. "Never again," we swore as we tossed our hip flask of Odley's Added Orange into the bushes. "Never again!"

sound good to them. The original purpose of a three-month vacation may have been to let children and teachers alike work on the farms, but a legend of summer as a time of golden laziness for children has become firmly established. Yet adult restlessness as well as juvenile delinquency shows that Americans have much to learn about putting their increased leisure to more creative uses, and the right sort of summer school program could help in this vital task.

To the multitudes of youngsters who have been pouring out of school the last week or two we would say: happy holidays, children. Make the best of them. In another few years your long-drawn-out summer vacation may have been improved down to one short, sweet, leisure-crammed month.—From The Christian Science Monitor.

## PREVENT THE SPREAD OF DISEASE

In many municipalities citizens are being urged to prevent the spread of insect-borne diseases. To make the campaign a success, the co-operation of everyone is needed, including householders, restaurants, hotels, and others handling food. Here are a few tips to fight the spread of disease:

1. Wrap all garbage carefully, so that no wet or putrid food is exposed or scattered; this attracts and breeds flies.

2. Keep garbage tins clean and well covered.

3. Spray frequently with D.D.T. or other approved insecticide all exposed surfaces, and particularly areas around garbage cans.

4. Clean up all refuse around the house or building.

5. Screen windows and doors.

6. Avoid accumulation of standing water, to prevent mosquitoes.

The only effective method to rid an area of flies or mosquitoes is to spray the breeding source with an efficient insecticide. Fly-source with an efficient insecticide. Fly-source with an efficient insecticide. Fly-source with an efficient insecticide.

## MONDAY HOLIDAYS

Once more the suggestion has been advanced that legislation be enacted to provide that the celebration of all holidays — other than Christmas, New Year's and Good Friday — be held on a Monday. Such a move undoubtedly would result in a much desired stability in both business and private affairs. It would tend to eliminate the tendency towards absenteeism, so prevalent when the holiday falls on a Tuesday or a Wednesday, and would be a boon to the travelling public, who would be able to plan long week-ends and participate in trips and visits that otherwise would not be possible.

The suggestion, on the other hand, has a further indication of the trend in our years to lose sight of the true purpose of holidays. Dominion Day is a holiday because the first was the day on which the union of Canada became a reality. Victoria Day is a holiday because May the twenty-fourth was the birthday of Queen Victoria. If the days are to be considered only as days of relaxation for a tired populace, then the suggested changes are certainly desirable. On the other hand, if their true significance is not to be lost, a continuance of the existing arrangement would seem to be best.

It seems, however, that the former is the case if Seaford can be taken as an example. On the occasion of the Dominion Day holiday three weeks ago, there was hardly a flag or other indication of the nature of the day in evidence anywhere in the town. Nor was there any public observance of the event.

If the desire is for a long week-end once a month during the summer, why not declare

The poor have little, beggars none; the rich too much, enough, not one.

After three days men grow weary of a wench, a guest, and weather rainy.

The proof of gold is fire, the proof of woman, gold; the proof of man, a woman.

After feasts made, the maker scratches his head.

Since women for tea forsook spinning and knitting.

He that heth down with dogs, shall rise up with fleas.

Take counsel in wine, but resolve afterwards in water.

### MEE CAPTAIN EDDIE

In the ten of Tarnogora, Lublin district, province of Kramystaw, Poland. His early training was in nursery work but in 1933 he went into an Officer's Training School for the Polish Army, where he remained until graduation in 1935. After that Eddie returned home until the German Rndits swept into Poland in 1939 and Eddie had some fighting to do. After retreating through his own country he was forced to surrender to the Russians who allowed him to go home for four months but then threatened to send him to Siberia to work. But Eddie was too fast for them. He hopped over the border and managed to reach Rumania where Sikorski was in the process of forming a Polish Army to join the Allies. When Eddie arrived Sikorski's forces were richer by one well trained officer.

The first stop for the new army was in Palestine where its training was completed and then they moved on to Egypt and joined the British Eighth. This was in 1940. Eddie fought along the Egyptian-Libyan frontier until the summer of 1941 when he, among others, was trapped in Tobruk. He was there for some six months, until December of '41 when Monty and the 8th moved in to turn them loose. For four more big months the Polish boys were among the occupation troops in Libya and in April of '42 they were sent back to Egypt where they joined other Poles in forming a full fledged Polish army. Shortly afterwards they joined Montgomery in Italy.

Action came first for them in the Monte Casino area of Italy where they were engaged in defense. Then when the big offensive got under way they moved up the peninsula with the British and Americans. Rome was taken and then they came to Bologna. The attack had bogged down at a little town called Solarolo and difficulty was experienced in trying to effect a crossing of the Lago Canal. Eddie's company was on the flank of the attack. With a quick thrust and what amounted to utter disregard for personal safety, he led his men in beyond the enemy lines, blocked an enemy counter attack and isolated the town. The move resulted in an easy crossing of the important Lago Canal, the capture by his company of some 22 prisoners and all the equipment of the opposing enemy company. For that they gave Eddie a Silver Star.

The war ended not long after this and the Polish boys remained where they had been doing the fighting. They took special training and in 1946 were moved to England. From there Eddie came to Canada, being let in on an affidavit from his brother who was living in Saskatchewan. He did not receive his final demobilization papers until he reached Halifax in 1948.

From Halifax, Eddie went out west and stayed for about a year. He found it a drawback not being able to speak English and so came to Ontario where he thought his chances of learning the tongue would be better. At the present he is on holidays from class but all winter he attends the Canadianization school conducted by Mr. Donald Aude, local high school principal.

The training in nursery work that he had in the Old Country has stood Eddie in good stead here. He is now a valuable man to the Coles and although fruits such as peaches are new to him he catches on fast and as for grapes, well there he is on familiar ground for he was in charge of a fair sized vineyard in Poland.

As we were leaving Eddie turned to John and said something in Polish. "He says he's happy to be here," said John as Eddie climbed his picking ladder with his grin as broad as ever.

### BOXING SHOW

ara Falls, winner by decision over Ray McGillivray, Voland. Referee—Leo Cecattis, Lefty Jordan, Art Brydon. Judges—Jim Ionsdale, Tony Rusko.

Timekeeper—McMallackey, Niagara Falls. The main go between Rizzo and McGillivray brought the crowd to its feet, and the judges' decision for Rizzo was not a popular one. McGillivray fought good defensive fight, and yet landed the more solid blows, having Rizzo at his mercy on three occasions, however, he could not seem to find the power to polish Rizzo off, but yet in the minds of most of the fans, the judges really missed the best giving the decision to him.

It is quite possible that the Jaycoes will hold another boxing show, perhaps in the near future. The idea is a good one, and with the valued experience gained from their first effort they should be able to keep the overhead down and thus realize something more substantial than credits for their efforts.

Birds will not fly out of sight of the ground when here in a thick fog.

### AWARDS PRESENTED

resident at Grimsby Beach. Miss Buras earned her R.L.S.S. Silver Award. This is the second highest award available the next being the gold which only seven people in the Dominion hold at the present time.

The Grimsby and District Aquatic Club are planning to hold their biggest meet of the season next Saturday, the 6th, at 3 p.m. Representations from the club have been at several of these meets this summer and at the last one in Welland the Grimsby Club took a sweeping victory. There will be contestants from Dundas, Welland, Niagara Falls and Grimsby at the Saturday meet and the competition promises to be quite strong.

Applications for entry into this open meet will be open until the 5th of August and application forms are obtainable at Grimsby Beach from any of the instructors. For a copy of the events in the meet see the attached list.

A special feature of the afternoon will be a demonstration of synchronized swimming by Miss June Taylor, the synchronized swimming champion of Canada.

### POLICE CALLED

of the Provincial Police investigated.  
John B. Davidson, 62 years of age of R.R. No. 3, Vanessa, Ont., was arrested by Chief James and Constable Davies of the Grimsby Town Police on Sunday afternoon, at the foot of Elizabeth Street in the Pump House yard. He was charged with driving while drunk. At the time of his arrest he was in possession of a bottle of rubbing alcohol from which he had apparently been drinking.  
On Tuesday morning he was sentenced to seven days in jail and his car was impounded for a period of three months. As well his driving license was suspended by Magistrate H. D. Hallett of St. Catharines.

### MT. VIEW SCHOOL

The teachers' rooms are well furnished and comfortable, while an extensive library will well fulfill its purpose.  
Throughout the school, indirect lighting, air conditioning, steam heating system and a water supply of 2500 gallons a day supplied by an overflowing spring with a 10,000 gallon capacity. The grounds are six acres of well planned comfort. A baseball diamond, football field is included and the large space could well be used as a Community Park for the area.  
Members appointed to the school staff are as follows: Caretaker, Martin Best, who will commence duties the first of August to get things into shape for the opening. The Principal will be John W. Pell, who has filled the position of Principal of Fruitland Public School for the past few years. Teaching will be Mrs. Margaret Wallace of Ailsa Craig; Mrs. Mabel Gray, R.A., from Bartonville; Miss Annie Brown of Fruitland; Miss Lenore Burdick of Fruitland; Mrs. Violet Gilmore and Mrs. June Williams, both of Hamilton. The school board consists of Frank Platt, Chairman; George Utter, Vice-chairman; Thomas Roderick, Percy Andrews, John Horrell, members of the board. Secretary Treasurer is Paul Pettit of Fruitland.  
The School will fill a long awaited place in the community and to the board goes much of the credit for the planning and creating of the modern building that now stands, as the finest public school built in the province and the finest training place possible for the pupils that will fill the rooms.

### COMPLICATED MURDER

An explosion and fire destroyed a small laboratory near Oakland, California, on the night of July 29, 1925. A body was found and, while buried beyond recognition, it was identified as that of the laboratory chemist, Dr. Charles H. Schwartz, by its short stature, very small hands and a watch and ring. Within a day or so, however, the police learned that, a moment before the blast, a man was noticed running from the scene. The victim's real identity was soon established and a search started for Schwartz on a murder charge. He was staying at the home of a friend, Hemingway, who knew him as "Charles Warren" and who, three weeks later, recognized him as the wanted man from newspaper pictures. Hemingway called the police, and Schwartz committed suicide. Papers found in a suitcase belonging to Schwartz disclosed his plan which he had not revealed to anyone, and which he had carried out in part. After spending two years to find and cultivate two men who closely resembled him, he killed the first — so that Mrs. Schwartz would get his \$150,000 insurance — and was about to kill the second, Hemingway. Then he planned to assume Hemingway's identity and remarry Mrs. Schwartz, whom he hoped to deceive with dyed hair and plastic surgery.

8th Sunday After Trinity

8:30 a.m.—Holy Communion.  
11:00 a.m.—Holy Communion and Sermon — Archdeacon Scott.  
7:00 p.m.—Evening Song.

Mrs. William Kemp is visiting with her sister in Welland.

Mrs. F. Clarke and Mrs. George Brignall are spending a few days in Montreal.

Mr. and Mrs. William Sangster and Mrs. C. Terryberry spent Sunday with friends in Port Colborne. Mrs. George Brignall of Hamilton was recently the guest of Mrs. F. Clarke of Grimsby for two weeks.

Mr. Arthur Henley and his cousin Sydney are holidaying at London Ont. with Mr. Henley's grandparents, Mr. and Mrs. J. C. Walters.

Mr. E. Record of the Menford Express, Mrs. Record and Miss A. Knechtel of Kitchener, Ont., both nieces of Mrs. McLean, were guests of Mr. and Mrs. McLean at the Baptist parsonage last week.

Having completed the first half of the ten week union services between the Baptist and United churches, Mr. and Mrs. McLean leave this week for their vacation in Northern and Western Ontario.

Mr. and Mrs. W. M. Blackmore of Saskatchewan were recent visitors at the home of Mr. and Mrs. C. E. Blackmore of Grimsby Beach.

They will return in time for the first of the services in the Baptist church after the period of the union is concluded. These services will be on Sunday, September 11th.

Mrs. J. W. McKinney, Musical director and soprano soloist of the First Baptist Church, Ingersoll, visited Mrs. McLean at the Baptist parsonage over the weekend of July 24th, and favored with a fine solo at both of the Union services in the morning in the United and the evening in the Baptist church.

## IN MEMORIAM

MUNTER—Affectionately Remembered, Robert Gordon Hunter, dear son of Mr. and Mrs. Wm. Hunter, and brother of Fred, killed in action July 26th, 1944, in Normandy, France.

## DAINTY DANCE DRESS

By ALICE ALDEN

ADDING to the beauty of a summer nocturne is the lovely array of young and charming dance dresses, the nicest in many years. Nets, marquisettes, nylon and other sheers, crisp cottons, diaphanous silks, all contribute their quota to the junior evening dress parade. The summer collection of a New York designer includes such charmers as the model depicted. It is of white point d'esprit over white taffeta, and the off-shoulder sling, falling capelike in back, is tied with blue taffeta ribbon below one shoulder.

## Nuptials

NELSON—BUCKINGHAM

The Rev. G. E. Morrow officiated on Saturday afternoon at the wedding of Betty, daughter of Mr. and Mrs. Cyrus Buckingham of Winona, to Mr. Clifford Nelson, son of Mr. and Mrs. Ross Nelson. The bride wore a pink lace blouse with pale pink lace bloomers. Her accessories were all white, and her only jewelry a beautiful string of pearls. She wore a head-dress with a shoulder length veil, and carried red roses. Mrs. Jane Consett was the only attendant wearing a gray wool suit, pink blouse, with white accessories, and wore a corsage of yellow roses.

The reception was held at the home of Mrs. Ross Nelson of Grimsby, with the immediate families in attendance. After a honeymoon in Buffalo, the couple will make their home in Hamilton.

## LESTER—JACOBS

The United Church Parsonage at Winona was the scene of a beautiful wedding last Saturday afternoon when Verna, daughter of Mr. and Mrs. Ira Jacobs of Fruitland, became the bride of Mr. Roy Lester, son of Mrs. Thomas Lester and the late Mr. Lester. Officiating at the ceremony was Rev. G. E. Morrow. The bride was gown in powder blue crepe with lace insets, and wearing a head-dress with shoulder length veil, also white accessories. A corsage of pink roses with white carnations formed her bridal bouquet. Mrs. W. Chappell was matron-of-honor, and was the sister of the bride. She was dressed in the palest pink crepe, with pink picture hat trimmed with mohair, and carried yellow roses. The groomsmen was Mr. W. Chappell.

A reception was later held at the Pines Hotel for the immediate family. The bride's mother was gown in pale blue flowered jersey with black accessories, with a corsage of white carnations. The groom's mother was in dark blue jersey with black accessories and wore a corsage of white carnations. Present also at the wedding was Mrs. E. Elliot, aunt of the groom, who wore a pink dress with black accessories, and a corsage of deep pink roses.

Immediately after the reception the young couple left on a honeymoon in London and points north.

Every second Canadian home has a car, and more than three out of four have radios.

The federal government's contribution alone to old age pensions will cost Canadians this year six million dollars a month.

## ENGAGEMENT

Mr. and Mrs. Albert Franklin Knight, of Grimsby Beach, announce the engagement of their daughter, Anita Stanton Knight, to Mr. Allen A. Dilworth of St. Catharines, son of Mr. and Mrs. Herbert J. Dilworth of Hamilton. The wedding is to take place on Saturday August 27, 1949, in St. Andrew's Anglican Church, Grimsby.

## VINEMOUNT

Mr. and Mrs. Eric Jeffries have returned after a week's vacation up north.

Mr. and Mrs. Stuart Jeffries and son Dan, Mr. and Mrs. Dennis Shaker and little daughter, have returned home from a week's vacation west at Allenwood Beach.

Mr. Thomas Webster motored to North Bay last week-end to bring home his daughter Peggy, who has been visiting with her grandparents during the last two weeks.

During this year Canadians will provide the federal government a revenue of \$285 million through Sales Tax payments—almost twice the total collected by this tax in the last year of the war.

Mr. Allan M. Smith received word on Saturday that his mother-in-law Mrs. D. F. Ray had passed away in Olean, N.Y. She was in her 97th year. Burial to take place in Tyrone, Penn., after cremation at Buffalo.

Mr. and Mrs. James Gillespie and daughter Essie of Park Road have just returned from a very enjoyable trip through Northern Ontario including the cruise on Muskoka Lakes returning by way of Ottawa.

Services in the Boys' Tabernacle, next Sunday 11 a.m. and 7.30 p.m.

Speaker: Rev. John E. Hunter, B.A. of High Park United Church, Toronto. Solodist: Contralto, Miss Ruth Jenkinson, Toronto. Sunday School 9.45 a.m.

The Ladies of the Beach Women's Improvement Society extend a warm invitation to all friends and neighbours to attend their sale of work to be held in the New Community Hall on Wednesday, August 10th. There will be a table of new articles, also a White Elephant table where you may obtain many interesting and useful articles.

A polite telephone man was in my office the other day. He came to repair a telephone and when all was in good working order again, he asked permission to use the phone and make a call. As a member of the telephone company, I thought he would take for granted he could use it but, instead, courteously asked, and made a favorable impression on our office staff.

Every telephone in a home, as well as in business, should be accompanied by a pad of paper and two sharpened pencils. It is such a nuisance, particularly when phoning long-distance, to have to wait while the person on the other end of the line leaves the 'phone to get paper and pencil to write down information.

When phoning long-distance, make a list of the things you have to say, then read them off, saving time and your pocketbook. Be a clock watcher when talking long-distance or, if that would prove distracting, set the alarm, before you make your call, to ring just before three minutes is up. It is quite easy, when talking, to misjudge the time and blame the operator for over-charging.

If it is necessary to make a long-distance call from someone else's home or office, remember to change the call to your own 'phone; leave the telephone owner a little memo stating the date and the place you if he is charged by mistake. If you cannot charge the call to yourself, ask the long-distance operator for time, charges and tax, and leave the sum for the 'phone owner or be very careful about paying up afterwards.

Give the operator a break, too, by asking her when you place your call, to give you time and charges.

If telephoning from someone's hotel room, even on a ten-cent call, be meticulous about leaving the money.

Never let a small child answer the telephone. It's enough to make a person on the other end of the line froth at the mouth and refuse to call you again.

When you get a wrong number ask "Is this Ascot 1729?" never ask "What number is this?" Don't say "What number is this?" Don't say "What number is this?" Don't say "What number is this?"

## MEET MISS TORONTO, 1949

Trio of beauties are the winners in Miss Toronto contest. Irene McInnes, centre, 22, wearing her crown and robe, was named Miss Toronto. At left is Thelma Brewis, 17, who came second, and at right, Betty-Jane Pike, third in judging. Irene will compete in the Miss Canada contest in Hamilton, Ont.

## The Kenny Method

By Dr. D. V. Currey

Some years ago Elizabeth Kenny, an Australian nurse, suggested a distinct change in the method of treating persons afflicted with infantile paralysis. This new treatment is not a cure for poliomyelitis, nor has Nurse Kenny ever made any such claim. We feel at the present time there is no real cure for this crippling disease. The medical profession, at present, does not know how to prevent its spread and does not know how to control the virus is carried from one person to another. The Kenny Method of treatment has contributed very greatly, however, to relieving the pain of the victims of poliomyelitis, and in the opinion of many physicians this treatment reduces the crippling after-effects of the disease. Because of this the National Foundation for Infantile Paralysis which the late President, Roosevelt, so ably assisted, is trying to make the Kenny technique available to every poliomyelitis victim in the United States and Canada.

Miss Kenny's history is rather unique. Thirty years ago, in the Australian bush country, without medical aid, she had to care for a child stricken with infantile paralysis. Prior to that time the recognized treatment was to put the paralyzed limb in casts or splints. Instead of immobilizing her, Nurse Kenny worked out a method of easing the pain and tightness in the muscles by frequent application of moist heat using strips of woolen material rung out of steaming hot water. As the pain subsided she followed this with passive exercises until such time as the patient could move his limbs. The results of this case was so good she decided to try the same treatment on other cases, and seemed to get excellent results.

The physicians in some countries have felt that Nurse Kenny's treatment is of little use, but the National Foundation felt that a study of this method in the United States should be made, so a grant was given to the University of Minnesota so that a clinic could be started there for the treatment of infantile paralysis patients with Nurse Kenny in charge.

A year later a preliminary report was received from the physicians at the University and they were strongly impressed with the new method. The number of cases studied, however, had been too few to justify definite conclusions, but the physicians supervising this study felt that the patients treated by this method had made better recovery than is usually found with other treatment for these cases, so they recommended a further study of this method. The doctors had to be cautious in their judgment because it has been found that about half of all poliomyelitis cases seemingly recover by themselves, and it was felt that perhaps many cases which had been treated by Nurse Kenny would recover without any manipulation.

The National Foundation made a second grant to the University of Minnesota to make further studies of the Kenny Method available, and the Kenny patients were treated nearly 100 years. The medical men of the University made a second report which stated among other things "The general physical condition of the patient receiving this treatment seems to be better than that of other methods during a comparative period."

After receiving this report the National Foundation for Infantile Paralysis felt justified in preparing a plan to instruct and train doctors, nurses and physical therapy technicians with Sister Kenny helping in the teaching at the University of Minnesota. It was fortunate that these people were trained because in the epidemic of 1943 over 12,000 cases were reported in the United States but enough people had been trained to help considerably with their treatment. Up to the beginning of 1944 over 900 persons have received training at the University of Minnesota alone, and grants of over \$100,000 have been given by the National Foundation to the University.

Because this newer type of treatment is a much more active one it stands to reason that it is much more costly. Previously, patients were immobilized in splints and plaster casts and could be cared for by comparatively few doctors, nurses and technicians, but with the Kenny Method this is changed. Each patient has far more individual attention because they must have hot packs applied every hour or two for at least twelve hours of the day during the acute stages of the disease. Passive exercise and re-education of the muscles of the patient must be started immediately so that every case requires a great deal of attention.

Progress in the fight against infantile paralysis is being made, and the Kenny Method seems an important step in the treatment of this disease. But the fact remains that it is not a cure. There are some cases that cannot even be helped by any known method of treatment because in these the nerve cells have been completely destroyed. No one as yet has found a cure for infantile paralysis; there is no known drug, serum or vaccine to combat the virus that causes the disease; but the care of these cases, we feel, has been considerably helped by the Kenny Method.

## GREEN TREES GUESTS

Mr. and Mrs. R. McBride, Rossmore, Va.; Mr. and Mrs. G. A. Walk and daughter, Cleveland, Ohio; Miss B. M. Twinn, and Miss H. M. Smith, Toronto, Ont.; Mrs. Margaret H. Olson and Miss M. Olson, Toronto, Ont.; Mrs. Ruth L. Minnion and Mrs. N. Livingston, Brantford.

WINONA TENNIS CLUB  
PLANS ARE DISCUSSED  
AT MEETING

No. the sound of tennis balls smashing across the new courts at Winona aren't heard as yet. However, it is hoped that plans can be made to form the Community Tennis Club soon. At a meeting of St. John's A.T.P.A. two weeks ago, members of the executive club came out and measured the tennis courts. Prices are all set down, and it only remains for the equipment and nets to be set up. Miss Nancy Thomas, Chairman of the club announced that it should be going in a couple of weeks.

WINONA SCOUTS GO ON  
ROVING CAMP TRIP

The entire Winona Scout Troop spent the holiday weekend on a roving weekend. With N. A. Cocks along to drive, and Scoutmaster Geoffrey Hambrook promising to do the cooking, the boys are in good hands. They will visit in the Georgian Bay, Lake Huron region with camp pitched the first night at Blue Springs, and other campovers at Collingwood and Wawa. Accompanying the boys are the three scouts who arrived home from the jamboree just in time to go along.

HAYDN DIMMOCK  
SPEAKS AT SCOUT  
MOTHER'S PICNIC

Haydn Dimmock, distinguished visitor from England to the Boy Scout jamboree at Ottawa gave an inspiring and interesting address at the Boy Scout Mothers' Auxiliary picnic, held at Mount Nemo Camp, on Thursday, July 28th. The delicious picnic supper was followed by games and a most enjoyable time was had by all present. At the end of the gathering, Mr. Dimmock was given a vote of thanks by Mrs. J. D. Carpendale of Hamilton.

FORMER SALTFLAT  
HIGH SCHOOL TEACHER  
TO PREACH AT ST. JOHN'S  
ANGELICAN CHURCH

In the absence of Rev. A. E. O'Leary, who is away on vacation, the services at St. John's Anglican Church at Winona have been taken for the past two weeks by the Venerable Archdeacon G. F. Scovell of Grimsby, a former Rector of the church. The coming Sunday will have Mr. William Gartrell of London, Ontario, as officiating clergyman. Formerly a member of the Church of the Good Shepherd at Barton, Mr. Gartrell will be remembered by many students of Saltflat High School where he used to teach. Mr. Gartrell left teaching to follow the ministry and is now a layman preacher at London.

MODERN SANITATION  
PLANNED FOR WINONA  
PUBLIC SCHOOL

There is quite a controversy going in Winona over the loss of the huge trees on the grounds of Winona Public School. Many feel very unhappy over their loss, for they were lovely old trees and for years have cast shade over the school. They have all been removed to provide a system of modern sanitation

for the school. In a huge project of \$19,000.00 both the Winona School and the Fruitland School are undergoing these improvements. Paul Pettit revealed last week. When finished, which will be in time for the opening of school in September, the new drains, septic disposal and modern bathroom will serve the pupils with the most modern and efficient equipment. In view of the old "chemical" system employed at the schools in the past, it is felt by the other half who favour the removal of the trees, that their loss is well justified.

FREE TRIP TO NEW YORK  
WILL BE FEATURE OF  
LEGION CARNIVAL

THE ANNUAL SUMMER CARNIVAL OF THE CANADIAN LEGION IS HERE AGAIN! This time it will be better than ever! August 11th at the Winona School Grounds, that's where you may win a FREE TRIP TO NEW YORK for TWO at the gigantic draw planned for the evening. This is worth winning for anyone who would enjoy a tour of New York City, a yacht trip around Manhattan, tours of the Television Station, the National Broadcasting Station, Rockefeller Centre, and dinner dancing at the world famous Billy Rose's Diamond Horseshoe. It will all be included in the trip, and the tickets are only 10c each, or 3 for 30c. A modest price for a trip to New York City and all the trimmings, you say, everyone say!

While you are waiting for the winning ticket to be drawn there will be a Radio Quiz Show at which you can win a cash prize as well as hear the re-broadcast later over C.F.R.B. Or you might win the pet skunk which will be raffled off during the evening! Tickets will be sold on the grounds.

In addition to all this, there will be the usual games which are always a hit at this annual carnival. Bigger and better RINGO, GAMES and FUN for the whole family. A FISH-POND will provide the youngsters with plenty of excitement.

Refreshments will be sold on the grounds also, with the promise of stizzling hot-dogs, ice cold pop, and plenty of ice-cream.

No one can afford to miss this evening's entertainment so make it a date... the Legion Carnival

## SOCIAL NEWS

Mr. Egbert Smith is spending the summer with his daughter at Little Joe Lake, Muskoka.

Miss Helen Smith of Winona is spending a week at the Hotel Britannia, in Muskoka.

Mrs. Viola Smith is spending a long vacation at Deep River as the guest of her niece, Mrs. Murray P. Lange.

Miss Janet Dunderberg of Rosemead, California, is visiting her aunt, Mrs. William Welsh of Fruitland.

Mr. and Mrs. C. J. Bradshaw are spending a short vacation at Dorset, accompanied by their son Allan.

Mr. and Mrs. Ralph Macklin of Winona, have just come back from a holiday spent at Highland Park in Algonquin Park. With them was their young son, Barry.

Mr. and Mrs. Roy Parke have returned from a trip to Goderich, Ontario. They visited the Cadet Camp at Ipperwash when there and brought their son Jack home with them.

Rev. A. E. O'Leary, with Mrs. O'Leary and children, Stephen and Michael, are having a delightful holiday at Big Bay Point near Barrie, Ontario. They will return next week.

Mr. and Mrs. Arthur Biggar of Winona, spent a week's vacation at Bosom Lake in the Muskoka district as the guests of Mr. and Mrs. Fred Woodcock, former residents of Winona.

Mr. and Mrs. Keith Millikin entertained guests over the weekend. Visiting were Mr. and Mrs. Arthur Adamson, Mr. and Mrs. Allan Love, and their two children Anthony and Victoria, prior to their return to England this week.

Robt. Millikin was host at a house party for a large group of friends from Hamilton. The party enjoyed a Wiener Roast on the shore, on Saturday, and stayed over until Monday night.

Mr. and Mrs. Albert Smith of Winona, spent a delightful vacation motoring through Penn., U.S.A., and were accompanied by their youngest daughter Elaine. During the trip they visited Erie, Allegany State Park and many of the towns in that State.

Miss Beryl Currie of Winona, has left for Boston, Mass., where she will spend a vacation. She is motoring with Mr. and Mrs. Charles Findlow of Toronto, of whom Mrs. Findlow is her sister. She will return later by train, and the others will go on to Virginia.

Congratulations to Mr. Gordon Dean of Fruitland, on his coming marriage! Mr. Dean will be married this Saturday to Miss May Colbourne of Morriston. The wedding will take place in Duff Church at Fossil, Ont.

Original street lights were fiber torches.

## TURNING THE PAGES OF "CANADA UNLIMITED"

Mud! Ox-carts and carriages had a rough time on Canada's first highway from Quebec to Montreal in 1735. In the best dry weather it took four and a half days to complete the trip by carriage!

Road-building was slow until Asa Danforth completed a roadway from Kingston to Ancaster, Ontario, in 1800. Yonge Street in York (Toronto) was commenced about the same time, financed by the Northwest Company. By 1848, after Confederation, most settlements were connected by roads. But they were bumpy and full of holes and impassable in spring. Journeys by stage-coach were hazardous.

Then came the automobile—and the need for better surfaces. One of the first improved highways stretched from Toronto to Hamilton. It opened in 1917.

The Trans-Canada Highway and the Alaska Highway are today's developments that point to great super-highways of tomorrow. With these highways will come increased industrial development that means great opportunity. Yes—there's room to grow in Canada Unlimited.

Just how much room is told in "Canada Unlimited", a 144-page book published by the O'Keefe Foundation. You may obtain your copy by sending 25c (no stamps or cheques, please) to "Canada Unlimited", Dept. M3-13, O'Keefe House, Toronto, Ontario. Please print your name and address. All monies received will be donated to the Canadian Citizenship Council.

## SPORTRAYAL

By "HIGH" MCGREGOR

Recent hardball action on the part of the Firemen is encouraging up to a point. The boys seem to have a habit of going well for a short time and then suddenly a very bad one. They have now completed nine games and all exhibition contests. The record is 4 wins for 4 losses and a tie.

In the seventh game with Alton on the mound the boys went well. Alton pitched one hit ball and struck out fifteen. The game was a one to nothing until the Studebaker boys tied it up in the eighth. Then the Firemen came back with two runs in the ninth to win the ball game.

The eighth was with the North Hamilton Juniors of the Niagara District League. This proved to be another win for the locals this time by an eight to four count. It was essentially a slugger's battle and both clubs seemed to be trying to get as many errors as possible. The Bentley Boys had eight runs, five hits and six errors, while the Hamilton club had four runs, nine hits, and eight errors.

The ninth and latest game was another of these bad ones. Caledonia seems to be the first club for the Firemen who have gone up against that outfit several times only to take a beating each time. They are a heavy hitting club and this combined with numerous errors by the Firemen set them up for a sixteen to five win. Scrivener and Jewson did the throwing for the Faltersing Firemen and from the record are not to be too heavily blamed for the loss. Between the two of them they allowed 11 hits but the real damage was done by 13 costly errors. It is fortunate that efforts like this are not too common with the Fire Laddies.

This week local fans will see baseball action here on Friday night when the first team from Caledonia will again be the visitors. Firemen went to Caledonia last night but at this writing the results are not known. The boys are out to take these last year's champions in their division and hope to get their number before long as it is possible that they may be early opponents for Grimsby in the O.B.A. playdowns. Coach Bentley announced this week that the Firemen's classy younger hurler, would start against Caledonia on Friday. This will be the first time that Doug has faced this team and it is hoped that it will make a difference in the result. Game time on Friday will be as usual 6:15 at the public school grounds.

On Saturday the Firemen make further play-off preparations when they again met the Studebaker Corporation team of Hamilton. This club has been responsible for several excellent games with Grimsby and so the action should be hot and heavy around the local park on Saturday.

### RESULTS FROM SECOND AQUATIC COMPETITION

The second aquatic meet of the season at Grimsby Beach was a complete success. The Grimsby and District Aquatic Club is now well established and its members are competing in various meets throughout the district. This latest meet was held on Saturday, July 16. Grimsby Beach swimmers will compete in a Canadian Amateur Swimming Association meet at Dundas on Friday, July 22, and in another at Welland on Saturday, July 23.

The results of last Saturday's meet are as follows:

25 Yards Freestyle  
Tadpole (eight and under)—1, Court Heinbeck; 2, Joe Webster; 3, Judy Foster.  
Girls 10 and under—1, Abie Falvey; 2, Joanne Stone.

### RECREATIONAL NEWS

The new recreational program under the direction of Mr. Frank Pustka, has now reached the halfway mark for its summer with an enrolment of some 100 youngsters. This figure is remarkable for a town this size and especially in view of the number who are outcrying as assistants to the director and of the recent heat wave. The program has recently been widened to include films of interest to the children. Trac and Bell events have been increased in number and last Tuesday a hike was in the order of the day. The high school is at present in the process of having its facilities lifted inside so the facilities of the Parish Hall have been granted to the recreational council in order that indoor activity may not have to cease. It was pointed out not long ago by the director that the program is still open to the enrolment of more children for the month of August.

Of interest to the senior boys of the program—it was announced to-day that any boys who are at present students at the high school or who will be enrolling at the school for the first time this fall may, if they are interested in football, turn out for a little pre-season training. Preliminary work in the grid sport will be started at the high school grounds on August 8th and will continue each Tuesday and Thursday evening from 7 until 8:30. The practices will stress conditioning, fundamentals, plays, strategy and movies on football will be provided. Boys should come equipped with gym shoes, sweat shirts and old trousers. No bodily contact will be started at present and no regular uniforms will be issued until school opens.

## FRUIT BELT SOFTBALL

MAC

The Fruit Belt League finished their regular playing schedule last week and this week they swing into the play-offs. The final order of standing was Smithville, Grimsby, Beamsville and Tapscott.

The fact that the weak Tapscott entry gained a play-off spot over Stoney Creek is explained by the fact that the Creek failed to comply with the O.A.S.A. rules and did not have their O.A.S.A. certificates filled out or their fees paid. As a result they were disqualified.

Grimsby steamed down the stretch in a last minute drive which almost carried them into first place but not quite. On the 21st of July the locals fell before the soon-to-be-disqualified Stoney Creek crew by a seven to six count. They bounced back to take Fruitland once and Tapscott twice in the last three games of the schedule but it was not enough and they ended up one place under Smithville in the final standing.

In the play-offs the Grimsby boys meet the fourth place Tapscotters while Smithville will be embroiled with Beamsville. The semi-final series are to go three games and the winners are to meet the following week in the final go. These play-offs must be over by the 15th of August when both the winner and the runner-up will enter the O.A.S.A. playoffs. The winner of the local league has a choice of entering the O.A.S.A. series in either the B or C class and the runner-up must enter in the class not chosen by the winner.

Grimsby played their first play-off tilt with Tapscott here on Tuesday night and the second one is up in Tapscott to-night.

### Smithville 8, Beamsville 3

Smithville finished up their schedule in the Fruit Belt League with a nice six to three win over their rivals from Beamsville on July 29. The Smithville boys, playing at home, were in command all the way and scored one in the first and third, two in the fifth and one in the seventh and eighth, to make it six. They had eight hits altogether and two errors. Belmont was on the mound for the mountain boys and Lane was doing the backstop's chores.

Beamsville failed to come to life until the eighth when they exploded with a three run rally that was not enough to put the home team in trouble. Beamsville accounted for five hits and three errors. Geddes and Konkle batted for Beamsville, while R. Konkle did the catching.

Smithville 8, Beamsville 3  
Umpires—Pitts, Ketter: Beams, C. O. Hodgkins.

### SMITHVILLE - GRIMSBY WIN FIRST PLAY-OFF TILTS IN FRUIT BELT

Smithville, Aug. 2—Smithville took a very slim four to three win from Beamsville here on Tuesday night, as brothers John and Joe Belmont scored in a desperate eighth inning rally to save the Smithville bacon.

It was the first of a best of three series in the Fruit Belt playoffs, which saw Beamsville leading three-two on Bud Red's fence clearing smash in the eighth.

Smithville scored two runs in the first inning, when Don Koude got off to a shaky start for Beamsville, plus a bit of loose infielding. Both teams hung up goose eggs until the sixth, when Mush Miller started a Beamsville rally with a single to right. Christie doubled and Miller scored on Fisher's heavy heave home. Red's single scored Christie and tied up the ball game.

Pud Red's homer put Beamsville in the lead in the top of the eighth, but Smithville bounced back with Johnny Belmont getting hit on Umpire Elliott's mace. Brother Joe belted a ball to deep centre which Harvey had difficulty with, and Joe scampered home with the winning run.

Eric Selby made two sensational plays for Beamsville, and shared top billing with Red and Joe Belmont, whose hitting power will be a big factor in Smithville's chances in the future. The series continues in Beamsville on Friday night.

Smithville - 280 600 622-4 5 3  
Beamsville - 280 600 618-3 5 3  
Batteries—Smithville, Belmont and Koude; Beamsville, Koude, Geddes and Konkle.

### Grimsby 7, Tapscott 2

The Grimsby Peach Kings took the first game of their best of three play-offs with Tapscott on Tuesday night by a seven to two score. The Kings spread their hitting out after the first in which they came up with three big runs including two homers by Gregory and Mason. They followed with one in the fourth and one in the fifth then two in the eighth to clinch the game. Tapscott failed to tally the first inning but failed to tally thereafter. After the first inning the visitors went down in order before the tight pitching of Frank Book, who hurled nine ball all the way for the Kings. Bentley did the catching for the locals.

On the mound for Tapscott was Andrew, while McClaren handled the chores behind the bat.

Grimsby 7, Tapscott 2  
R H E  
Grimsby 7 9 1  
Tapscott 2 4 3

Family Allowance payments during 1949 will total \$276 million—a total which amounts to payments of \$525 every minute.

(Best of three)

Series "B"  
Two winners of series "A" to play best 2 of 3 series, commencing Monday, August 8.

## FRUIT BELT GIRLS' SOFTBALL LEAGUE

The Grimsby Silver Mills, girls' softball entry, have managed to come up with two wins out of their last three games. On July 30 against Community Beach they dropped their only start of the three by a 14 to 6 score. On the mound for the Mills was Elsie Trechuk, who was relieved in the fifth by Helen Tragers. Between them they held the visitors to 23 hits. For the Beach, Hayhurst did the hurling for four innings and then was relieved by McKay. Elsie Wilson was behind the bat. Hayhurst and McKay gave up 14 hits to the local girls. Outstanding for the winners was Rita in left field and for the locals Joyce Byford showed well at second. Round trippers were hammered out by Hayhurst and Shaw of the Beach.

On the 31st the Grimsby Silver Mills ran up against Winona, and came out on top by a 15 to 7 count. Gladys Moore pitched seven innings for the locals and was relieved by Elsie Trechuk. They allowed 17 hits. Joyce Byford was behind the plate.

For Winona Gert Hurked and Williams caught. Grimsby grabbed 23 hits. Outstanding for the locals was Gladys Moore on the mound while for Winona Elise Kenny played well at short. Three homers were hit, all by Grimsby. Margery Lawson accounted for two while Elsie Trechuk got the third.

Grimsby's third game and second win came on the 29th again against Winona. Trechuk and Moore batted for the locals while Byford caught. Grimsby got 11 runs for 20 hits. Gert and Williams were the battery for Winona which got 9 runs for 16 hits. One homer by Trechuk of Grimsby, and the quota of round trippers for the evening.

The first half of the schedule in this league finishes this week. A partial list of future games includes Winona at Community Beach on Friday, Winona at Beamsville on Wednesday, August 10, and Community Beach at Grimsby on the same day.

## FRUIT BELT JUVENILES START PLAY-OFFS

The Fruit Belt Juvenile Softball League has now completed its regular schedule and is ready to start play-off activity. Beamsville garnered first place in the final standing followed by Winona, then Stoney Creek, Community Beach, and finally Fruitland.

However since the Community Beach entry did not have enough certificates signed they were disqualified and replaced in the play-offs by the next team in the standing, Fruitland.

Play-off games started Tuesday, August 2nd, with Stoney Creek at Beamsville and Fruitland at Winona. On the Thursday will be at Stoney Creek and Winona, will be at Fruitland. Third games where necessary in the semi-final series, will be played on Friday.

The final series will start on Tuesday, August 9th, and it is handled by O.A.S.A. officials since the winner will advance to the O.A.S.A. playoffs.

## EXHIBITS AT FAIRS

With a view to encouraging still more Canadians to visit the National Parks of Canada, an exhibit was shown by the National Parks Service at the recent Provincial Exhibition at Brandon, Manitoba. There will also be exhibits at the Pacific National Exhibition, Vancouver, B.C., the Canadian National Exhibition, Toronto, and the Western Fair, London, Ontario. The exhibits feature maps, films, and coloured transparencies depicting the scenery, wildlife, and recreational facilities in the Parks. Visitors to the National Parks last year numbered 1,942,803, an increase of 118,023 over the previous year.

Average weekly wage of hourly rated workers employed by leading Canadian manufacturers was \$42.08 at April 1 of this year, a new high figure and \$5.44 per week more than a year previously.

## MIGRATION ROUTES

The National Museum study of prehistoric migration routes from Asia to North America, is being continued this summer by a staff archaeologist Dr. Douglas Leechman, who is carrying on investigations in British Columbia, north of Port George. Dr. Leechman is a well-known writer and authority on Canadian archaeology.

Most fishermen catch fish by the tale.

TO LAD TROOPS AT DIEPPE SERVICE

—Central Press Canadian—  
Major Gen. A. E. Walford, who will lead a Canadian contingent to the anniversary services at Dieppe, France, on Aug. 18, has left Canada for England, where he will be a guest of Winston Churchill. He will also be presented to King George and Queen Elizabeth.

GREEN LIGHTS MEAN DANGER—

She had the green light. Confidently she drove her black sedan out onto the six lane highway to cross. It never occurred to her to look to the left, the most likely point of danger.

On the main highway a speeding driver saw, too late, the red light commanding him to stop. He jammed on his brakes, and his tire shrieked as if in horror at the impending crash. The woman was killed instantly. He died that night.

Indignant witnesses blamed the man alone; he had broken a law. In grim reality she was equally to blame, for if she had but looked to the left, there would have been no accident. She had placed too much trust in a green light and in her fellow drivers.

That faith, today, common to most of us, is one of the largest contributors to our mounting motor or casualty lists, according to two of the newest studies of how and where fatal accidents happen. The message of these studies is that a green light means not safety, but: Beware of death!

Wilmington, Delaware, made the initial study. It embraced 15 years, 1,606 intersections and revealed that the danger ratio at light-controlled crossings, in terms of deaths, was 8.65 times higher than at unmarked and unguarded crossings in that city.

Moreover, both the number and severity of accidents grew as the traffic controls moved up from none to stop signs, to stop signs to lights. For every one death at unmarked crossings, 2.27 occurred at crossings marked stop. At stop streets, 3.51.

The smartest Wilmington engineers asked the Philadelphia Bureau of Traffic Engineering to make a similar study as a check. The larger survey covered one year and 9,394 intersections of all kinds. The death ratio at light-controlled crossings as compared to those unmarked was slightly higher—than Wilmington's.

In Texas, records of the state police show that more than 50 per cent of its highway deaths there are the result of motorists or others violating some traffic law or control.

Only rarely are these violations deliberate. They happen every day in every community. And because to err is human, all the controls and police in the land can't put a stop to them. Each of us who drives becomes, by the law of averages, a potential if unwilling killer. What to do about it?

"When you reach a corner and another car is approaching fast from a crossroad, let him cross first even if you have the right of way," warns the National Safety Council of Chicago.

"We (and this means all of us) must change our thinking on traffic controls," says E. F. Koester, Wilmington's chief engineer. "Controls don't end danger. They preclaim it."

The exact opposite attitude is assumed by most drivers toward controls, Mr. Koester says.

Our mistaken notion of controls is reflected in neighborhood agitations for traffic lights as soon as a few bad accidents happen at a local corner. Mothers especially seem to think that their children will be safe if they "wait for the green light." Schools teach pupils this dilly. The teaching is good in part. Its emphasis is wrong, creating a false sense of security.

It makes the child, and later the adult, the easy victim of the first driver who didn't see that the red light was against him until too late.

The feeling of safety, now induced by lights and other controls that are actually warnings, is our greatest traffic hazard of all, and will continue to be until we change our views.

A superstition: A ring around moon indicates rain or snow.

## Stuff Round Own

By GORD Mcgregor

There are two things that can be said for the people in Northern Ontario. They have the darndest idea of distance, and they are really the most hospitable and friendly folks you could ever hope to meet. Strangely enough, on a recent trip through the area in and around Bancroft, we had to sample their strange idea of how to get to a place on a road that would make the trip Over the Hump look like a four lane highway. In order to receive the most wonderful hospitality we have ever encountered.

You know what these roads are like? Twists and turns, and on all sides nothing but rocks and bush. We feel that it was a grave injustice that great heaps of the rocks were left in the middle of the road and not at the side. Very rugged for one's auto.

Fellow at a garage says, "Ten just cut through here and you'll save an hour's driving to get to your destination."

"Time!"

"It's about fifteen miles as the crow flies."

Never did see a darn crew. It was twenty-six miles one burnt clutch, one smashed stabilizer, and one crushed oil pan later that we decided this fellow was a tourist.

Finally bogged down at the bottom of a sharp incline that would make a tank shudder, and commenced to walk. Recalling our old Scout training, immediately started to look for berries. There we found. Also a cow. Deuce eating.

What any self respecting cow would be doing out there twenty miles from nowhere is something we can still wonder about.

After a considerable length of time walking over a road which I was instructed to drive over, we suddenly emerged from the bush and there stood a beautiful farm home. It was a beautiful home, and right smack in the middle of the barnyard was a most gorgeous tractor.

Walking up to the house a couple of men taking a nap awake and seemed considerably surprised to see us. We were powerfully glad to see them. I recall.

With unbelieving eyes they listened to our sordid tale, and then informed us that the so called road we had attempted to traverse had been closed for years, also that the bridge we had crossed had been condemned. This was the jittery plank affair that had cracked and groaned as we bounced across some forty feet above a picturesque little stream.

Well, at any rate, Herb Moore and his wonderful family, including brother Irving just kinda took our problem easy like, and so we went back into the bush with this wonderful tractor. Down over Four Hour Hill. No car. Through the Floating Swamp. No car. But there at the bottom of Chipmunk Show, the battered vehicle rolled into a setting of jagged rocks and leafy ferns. The stupid cow was still wandering around, its head held aloft through the quiet of the woods.

Well, to cut it short, the Moores got us out, fed us at their kitchen table in the house that not long before had been the most welcome sight we had our own.

Brother Irving decided as how we could get a Cow Hill under our own power. With we did. He said it was eight miles as the crow flies, naturally. I was eleven as the Dodge crewed.

Fellow in garage at Cow Hill reckons how far we up by Monday night, it was Saturday. His name was corge, and all we can remember about him was that he was a good schanic, but unfortunately we were told in a whisper. He was a C.O.R. At this point I was not very interested in a man's position.

With still see twenty miles to go, a local fellow named Vic Houghson and us to the wee centre of Oia, where again we tasted the hospitality not often found in country. The Thompsons, Moores and Moores made a somewhat start to a vacation a grand story, and certainly their sincere welcome of a couple of strangers always remain as

## BREVITIES

### EVENTS and TOPICS of the WEEK in TABLOID .....

It's nice to be back from vacation, Brained, Browed and Broke.

Takes head of the signs erected at the eastern and western approaches to Grimsby. Erected by the Lions Club, they read: Save a Life. It May be Your Own.

Firemen's Carnival this Thursday and Friday. Street dancing on Friday night. Support the Firemen. They really deserve it.

It's nice to report that it does rain in other sections of Ontario. The poor old withered fruit belt just can't seem to get lucky. Incidentally the corn is seven feet high in the Chatham area.

Beamsville Fair coming up the 8th, 9th, and 10 of September. Its the 52nd annual fair, and the first three day fair in its history. Plan right now on attending the big fair, with fine harness racing, the best midway ever, and a really fine agricultural exhibition.

A large crowd is expected to witness the Aquatic Meet held this Saturday at Grimsby Beach. Sponsored by the Grimsby and District Aquatic Club, a raft of tap. Incidentally that valuable swimming and diving events is on outboard motor boat, complete with trailer will be drawn for at the swimming meet. If you have not purchased tickets on the boat yet, see one of the Optimist members before Saturday.

## OBITUARY

### MRS. WILLIAM TUCK

Mrs. William Tuck, the former Agnes Jane McCulloch, died at her residence, R.R. No. 1, Grimsby, on Monday, July 30th, 1949. She was born in Nelson, Ont., and had been a resident of Grimsby for the last 48 years. Mrs. Tuck was a member of St. Andrew's Anglican Church, Grimsby.

Surviving besides her husband are one son, Cecil, of Port Credit; four daughters, Misses Etta, Grace and Frances, all of Grimsby; and Mrs. Agnes Lecken, of Wilmett; two brothers, Herbert McCulloch, of Toronto, and Walter, of Detroit; and one sister, Mrs. Grace Adamstone, also of Detroit.

A funeral service was held at her residence, on Tuesday afternoon. Interment was made in Greenwood Cemetery, Burlington. Bearers were: James Morrison, George Franka, Lyall Tuck, Spencer Morrill, Lewis Hawkey, Wilfred Vickins.

## TAPLEYTOWN BRIEFS

The monthly meeting of the Tapleytown United Church Mission Circle was held at the home of Betty and Margaret Thomas. The worship service and business meeting was presided over by the President, Miss Alice Tweedie, assisted by Stella Krick and Betty Thomas. Following the meeting a winter roast and some games were enjoyed by the circle. The next meeting will be held on September 27 at the home of Mrs. Charles Leach.

## FORECASTS WEATHER

An easy-to-operate weather guide — said to accurately forecast local weather conditions for the next 24 hours — is reported in The Financial Post. The lightweight, handy-size guide contains a series of 12 full-color cloud formations for the amateur forecaster to compare with the current sky conditions, a small compass to aid in determining direction of wind, and 112 separate forecasts for summer and winter. Basic principle is that wind and cloud formations reveal coming short period weather changes. California makes states. Instructions are shown on the instrument to make the guide a self-contained unit. An arrow is turned on the guide to the observed cloud and wind conditions. Matching of these two factors brings the correct forecast into view.

## NINE PERSONS INJURED

(Continued from Page 1)  
 radius rod threw a car in charge of Joseph Sondola out of control and directly into the path of one driven by Norbert Pearle, of Smithville. They met with terrific force and were so jammed together that garage workmen had some difficulty in pulling them apart.

Occupants of other cars, immediately behind when the crash occurred, found some of the injured pinned in the wreckage, while others are said to have been thrown to the highway.

Three ambulances, two from St. Catharines Fire Department and one from Beamsville, took six injured to St. Catharines hospital and passing motorists removed three to Hamilton. Dr. J. V. Christie, of Grimsby, gave medical attention at the scene.

Provincial Constable D'Arcy Garrett who investigated, was assisted by Chief Constable William James and Constables Robert Rushmore and Henry Davis, of the Grimsby town police, and Provincial Constable John Richards. Corporals E. G. Hope and William Cole, O.P.F., were also at the scene.

Scarlet cloth for the dress coats of the Mounties is turned out in Sherbrooke, Que. The dye formula is secret.

One Montreal restaurant keeps a small pig which runs around the room feeding off scraps offered by the guests.
